PUBLIC COMMENT

Maternal and Child Health Services Title V Block Grant FFY 2011

The Missouri Department of Health and Senior Services is soliciting public comment on the proposed use of Maternal and Child Health (MCH) Services Title V Block Grant funds for the Federal Fiscal Year 2011 that covers the period starting October 1, 2010 and ending September 30, 2011. **See the following pages for Proposed Use of Funds.**

If a copy of the proposed use of funds is desired in an alternate form because of disability, please call (573) 751-6253. Hearing impaired citizens may contact the Department by phone through Relay Missouri: 1-800-735-2966; Voice: 1-800-735-2466.

Comments on the Proposed Use of Funds document may be mailed to Melinda Sanders, Administrator, Section for Healthy Families and Youth, Division of Community and Public Health, Department of Health and Senior Services, P.O. Box 570, Jefferson City, MO 65102; or E-MAIL Melinda.Sanders@dhss.mo.gov ; or FAX (573) 751-6185. Comments must be submitted/postmarked **no later than May 28, 2010.**

Thank you for your interest in maternal and child health services in Missouri.

TITLE V
BLOCK GRANT**

FFY 2011 PROPOSED USE OF FUNDS
(Released for Public Comment May 2010)

DEVELOPMENT OF APPLICATION

The Maternal and Child Health (MCH) Services Title V Block Grant application is developed by Missouri's state Title V agency, the Department of Health and Senior Services' (DHSS), Division of Community and Public Health (DCPH). As part of the development of the annual MCH Block Grant application, public comment on the proposed use of funds is solicited from the general public and other interested parties. The proposed plan for the use of block grant funds to improve the health status of women and children, including children with special health care needs for FFY 2011 is attached.

OVERVIEW OF PROPOSED FFY 2011 TITLE V BUDGET

Proposed use of Title V funds will maintain and increase the focus of this agency (Division of Community and Public Health) on operating partnerships with local communities, coordination of services, and increased communication with families through family partnership and quality improvement focus groups.

The Department of Health and Senior Services does not anticipate a change in the level of funding for the Title V Block Grant in Federal Fiscal Year 2011; however, general revenue (state) funding for all state agencies is expected to be reduced. Thus, in this proposed use of funds, every effort continues to be made to maintain Title V support for essential maternal and child health program interventions. It is possible; however, in light of shifting federal and state budget priorities, this budget (proposed use of funds) will need to be revised before the beginning of the new federal fiscal year. Similarly, any additional funding received beyond the anticipated award will be allocated based upon the maternal and child health program priorities derived from the Maternal and Child Health Five-Year Needs Assessment.
